

Date: April 4, 2018

Attendees:

Jennifer Black, CHCA Board of Directors

Kim Gole, City of Calgary Parking Strategist

Kim:

- We are eligible as a CA to receive ~\$15K this summer for parking revenues from existing CPA paid parking in our community.
- All we have to do is put together a list of how we are going to spend it by early May and email Kim the list with costs.
- The list of potential improvements can be found [here](#).
- The improvements must be close to the parking area - i.e. along Centre Street. The map on page 73 of this [document](#) shows the exact boundaries of the area that the money must be reinvested into.
- This fund is only available to the CA until a BIA is formed, so it's ours this year and then potentially the BIA's in future years.
- Beltline is using this for murals.

Jenn:

- We will provide a list of improvement ideas we are able to undertake in early May.
